CIT 155
Chapter 7 Lab 3

Complete "Analyze, Correct, Improve" on page 388-389. I am including the Data Files necessary to complete this assignment. Comments for when you validate your html document:

- You will receive three warnings. These are only warnings and can be ignored.

After completing the assignment compressed the css folder, images folder and the html document into a single zip or rar file and submit to the drop box.
